What:

Review collaborative efforts between county departments and libraries since the first meet and greet in June 2015. If you didn't attend the first meeting, find out the various services county departments offer. Libraries will be able to present the programs they provide to children, youth, families, adults, seniors and veterans. Look for more ways to share our resources.

Registration: We already have folks registered from last time. Please contact Rachel Wilson at the Orange County Youth Bureau at rwilson@orangecountygov.com or call 845-615-3620 if you would like to add or cancel a registration.
